RE: PTP Inc. & Pineview Estates

Dear Campbell:

Over the years I have provided some general legal counsel to PTP, Incorporated. Mr. Ernie Crowley from that company has forwarded to me the letter from Ms. Alexis Strauss which she signed and dated June 7, 2007. The letter was received by PTP on June 19, 2007. I received a copy of it on June 29, 2007.

This will confirm our conversation today where you graciously agreed to give PTP until Friday July 13, to have environmental counsel retained PTP call you and advise you of the status of the matter and whether PTP intends to attempt to settle or whether you will need to file suit. It is my perception that PTP would very much like to avoid entering into litigation on this matter; however they will need to first visit with environmental counsel

Thank you for your courtesy in this regard.

Kindest Regards,

/s/

James R. Hales
